SKILLS

- Languages :** Python, JavaScript, C++, C, Java
- Libraries & Analysis:** NumPy, Pandas, Matplotlib, Seaborn
- Tools/Platforms:** Power BI, MS Excel, GitHub, Jupiter Notebook, VS Code
- Frameworks & Web:** HTML5, CSS3, Responsive Web Design.
- Soft Skills:** Critical Thinking, Time Management, Quick Learning

PROJECTS

TG Electricity Consumption & Billing Dashboard – SPDCL | (GitHub) Dec 2025

- Built an **interactive Power BI dashboard** to analyze **electricity billing and revenue data**, enabling better understanding of consumption patterns and financial performance.
 - Developed **KPI visuals and charts** to monitor **revenue, billing performance**,
 - Performed **data transformation and modeling** to prepare datasets for **accurate dashboard analysis**.
 - Designed **dynamic visuals and filters** to improve **data insights and decision-making**.
- Tech:** Power BI, Data Visualization, Data Modeling, Dashboard Design

Physical-Financial-Progress-of-Pradhan-Mantri-Gram-Sadak-Yojna | (GitHub) Apr 2025

- Built a **data analysis project using Python**, performing **data preprocessing** and **Exploratory Data Analysis** on PMGSY infrastructure data.
 - Analyzed **physical and financial progress of rural road development projects** to identify **state-wise trends and project performance**.
 - Utilized **Pandas and NumPy** for **data cleaning, transformation, and aggregation** to prepare structured datasets.
 - Created **data visualizations using Matplotlib** to highlight **fund allocation patterns and project completion insights**.
- Tech:** Python, Pandas, NumPy, Matplotlib

State Infrastructure Dashboard | (GitHub) Apr 2025

- Built an **interactive data analysis dashboard** to study **Road and bridge project progress across Indian states**.
 - Analyzed **road works sanctioned, completed, and balanced metrics** to evaluate **infrastructure development**.
 - Processed **project length, expenditure, and budget data** to derive **physical and financial progress insights**.
 - Created **visualizations and dashboards** to highlight **state-wise trends, project completion status, and funding patterns**.
- Tech:** Excel, Data Visualization, Data Analysis

TRAINING

From Data to Insights: A Hands-On Approach to Data Science | (GitHub) Jul 2025

- Acquiring **hands-on experience in Data Analysis, Data Visualization, and Data Storytelling** to derive **actionable business insights**.
- Developed a **Machine Learning model** to predict **Employee Churn**, achieving a strong **ROC–AUC score**
- Created interactive **Power BI dashboards** to visualize performance, and revenue **loss metrics**, delivering actionable **HR insights**.
- Tech:** Tableau, Power BI Excel, Data Analysis & Visualization Techniques.

CERTIFICATES

- Certified in Robotic Process Automation | (Automation Anywhere) Oct 2025
- ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM | (Infosys) Aug 2025
- Computational Theory: Language Principle & Finite Automata | (Infosys) Jul 2025
- Data Structures and Algorithms | (Board Infinity) Feb 2025

Extra-Curricular Activities

- Hack-IoT Hackathon:** Mar 2023
Secured a Top 10 Finalist position in the Hack-IoT Hackathon
- Community Development project** Jul 2024
Completed a 35-hour community development project under NGO supervision (NGO)

EDUCATION

- Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.65** Since Aug 2023
- Tirumala Junior College** Katheru, Andhra Pradesh
Intermediate; **Percentage: 79.2** Apr 2021– Mar 2023
- Tirumala EM High School** Katheru, Andhra Pradesh
Matriculation; **Percentage : 10.0** Apr 2020 – Mar 2021
